

Black Lives Matter

Black Lives Matter
Let's make it known today, that
Black Lives Matter
Don't care what you say, cause
Black Lives Matter
Look at our history
Black lives matter
Come say it loud with me, come'on.

Black Lives Matter
Our freedom can't be denied
Black Lives Matter
So rise above the lies
Black lives matter
It's time to stop the pain
Black Lives Matter
So let love fall like rain.
