

You Don't Have To Cry

You don't have to cry, ba-by (I'm not going anywhere)
 You don't have to lie, ba-by (to keep my love)
 You don't have to cry, ba-by (no I won't say goodbye)
 Tho you broke my heart, from the very start, and were mean to me. (Oh)

If we have a problem. Just be true to me
 We will work it out together. Just don't lie to me.
 If you are not truthful, it darkens up my day
 makes the sun stop shining, and the clouds go gray.
 If we have an issue, make it clear to me
 Let's tackle it together. Don't hid or run from me.
 Right now my heart is fragile, brittle just like clay
 Blowing smoke will hid the truth, and block what I say

You don't have to cry, ba-by (I'm not going anywhere)
 You don't have to lie, ba-by (to keep my love)
 You don't have to cry, ba-by (no I won't say goodbye)
 Tho you broke my heart, from the very start, you were mean to me. (Oh)
 You don't have to cry, ba-by (that won't solve a thing)
 You don't have to lie, ba-by (it's better if you sing)
 You don't have to cry, ba-by (if you tell me why)
 You broke my heart, make it fall apart, and you lied to me. (Oh)

If I show you mercy, will you be hap-py
 With a chance to dance your way back into my heart
 If I give you flowers, say that I forgive
 Will it make a difference, in the way you live.
 If we go get married, have a kid or two
 Will you love me deeper than you did before
 Whisper love into my ear, like you used to do
 Should I be the weeper, head straight for the door.

You don't have to cry, ba-by (I'm not going anywhere)
 You don't have to lie, ba-by (to keep my love)
 You don't have to cry, ba-by (no I won't say goodbye)
 Tho you broke my heart, from the very start, you were mean to me. (Oh)
 You don't have to cry, ba-by (that won't solve a thing)
 You don't have to lie, ba-by (it's better if you sing)
 You don't have to cry, ba-by (if you tell me why)
 You broke my heart, make it fall apart, and you lied to me. (Oh)

You don't have to cry, ba-by (I'm not going anywhere)
 You don't have to lie, ba-by (to keep my love)
 You don't have to cry, ba-by (no I won't say goodbye)
 Tho you broke my heart, from the very start, you were mean to me. (Oh)
 You don't have to cry, ba-by (that won't solve a thing)
 You don't have to lie, ba-by (it's better if you sing)
 You don't have to cry, ba-by (if you tell me why)
 You broke my heart, make it fall apart, and you lied to me. (Oh)
